

Canadian Immunization Research Network Trainee Application Form

Candidate

Title: _____
First Name: _____
Middle Name: _____
Last Name: _____
Address: _____
City, Province: _____
Postal Code: _____
Telephone Number: _____
Email Address: _____

Supervisor

Title: _____
First Name: _____
Middle Name: _____
Last Name: _____
Address: _____
City, Province: _____
Postal Code: _____
Telephone Number: _____
Email Address: _____

Project Information

Host Institution: _____
Research Location: _____
Department: _____
Faculty/School: _____

Level of trainee at start of award: Master's PhD Postdoctoral

For postdoctoral award applicants, please indicate actual or expected date of PhD completion:

Duration of funding requested: 1 year 2 years

Trainee Start Date: _____

Trainee End Date: _____

Canadian Immunization Research Network Trainee Application Form

Application Details

Project Title

Title of the Research Project your work will support:

Which of the CIRN objectives and/or relevant research areas does your project address? (check all that apply)

Rapid evaluation of vaccines for safety & immunogenicity

Population based methods for vaccine effectiveness & safety

Research on interventions to improve vaccine acceptance & uptake

Vaccine modeling & economic analysis

Is this part of a CIRN funded project or in support of a CIRN network?YesNo

If yes, please specify project/network: _____

If no, please indicate amount, and source of funding for the proposed project (100 words max)

Canadian Immunization Research Network Trainee Application Form

If the project is not funded by CIRN or in support of a CIRN network, please describe how this project fulfills CIRN's mandate (150 words max)

.....

Research Goals, Career Development & Training Expectations (250 words max)

Describe how the proposed research project will help in realizing your short and long term career goals at the completion of the CIRN award.

Canadian Immunization Research Network Trainee Application Form

Research Activities and Contributions (500 words max)

Identify a maximum of five activities or contributions that best highlight your contributions to research, defining the impact and relevance of each. A contribution can be a publication, conference, patent or intellectual property right, contract, funding award, etc. Your complete description must include the organization, position or activity type and description, start and end dates, target audience and the basis on which this contribution is highly important. Include knowledge translation-related activities, both traditional and non-traditional.

Canadian Immunization Research Network Trainee Application Form

Lay summary of the project (200 words max)

*This should include a description of the proposed **trainee project** that can be understood by non-scientists and is suitable for inclusion on the CIRN website or annual report.*

Trainee Project Description (1000 words max)

*This should include the full description of the **trainee project**, including objectives, hypotheses, specific aims, methods, potential pitfalls and solutions, importance/significance, knowledge translation plan, timeline and milestones.*
